Gojek PLUS logo

LOGO VARIATIONS : THE PILLS

There are two kinds of pill logos –

1. THE PLUS PILL can be used in creatives inside the app since the presence of Gojek is already established when you are inside the app. This includes in-app creatives/banners/etc.
2. The SOLV+PLUS PILL is to be used in places outside the app where we need to have the presence of Gojek to support PLUS. This includes OOH and Marketing communications outside the Gojek app. It should be used when it comes to representing PLUS in other apps as well (example: Tokopedia in app content)

DARK BACKGROUND

MONOCHROMATIC

The monochromatic variations for the PLUS logos are available to use in app since the presence of Gojek is already established when you are inside the app. They can be used if the use case demands a all black/all white logo as long as it is accompanied with the green gradient established in the visual style for the brand.

The PLUS logo is displayed in black on a light gray background. The logo consists of a stylized 'P' followed by the word 'PLUS' in a bold, sans-serif font.

LIGHT BACKGROUND

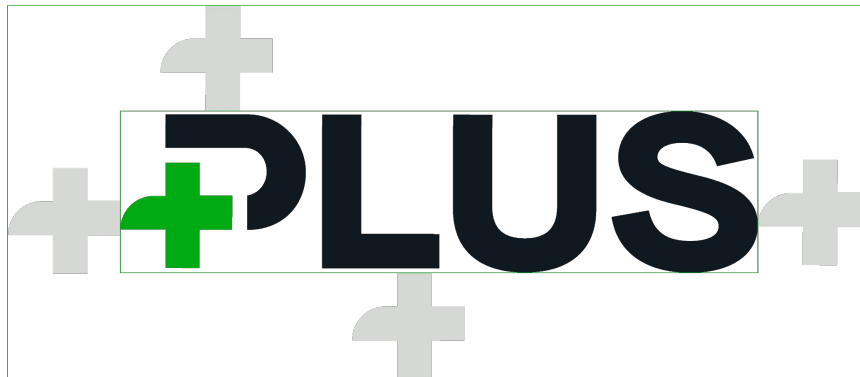

The PLUS logo is displayed in white on a dark gray background. The logo consists of a stylized 'P' followed by the word 'PLUS' in a bold, sans-serif font.

DARK BACKGROUND

SAFE SPACE

Defines the minimum space between the logo and other graphic elements.

To ensure the right amount of breathing space around the logo, to make sure legibility

LOGO USAGE : In App

USAGE 1

PLUS logo within white pill to ensure the legibility of the logo. Used mainly inside creatives to ensure legibility of the PLUS

**Guaranteed
savings with**

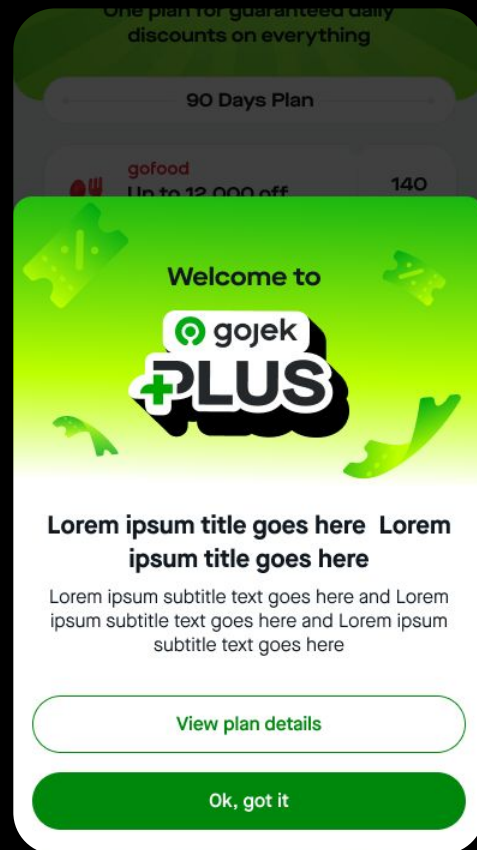

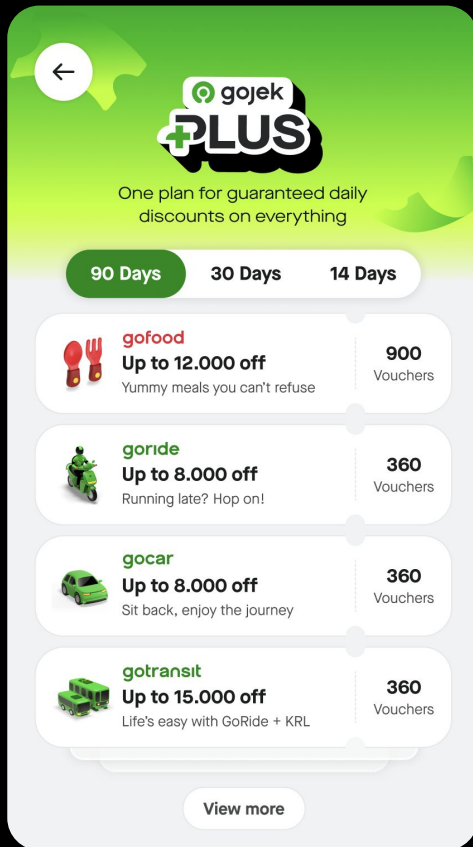

LOGO USAGE : In App

USAGE 2

Gojek PLUS logo lockup - Usage of the 3D version of Gojek PLUS is recommended only in prominent places where Gojek PLUS is the Hero of the Page.

Example : Purchase Page, Success screen, welcoming the user to Gojek PLUS.

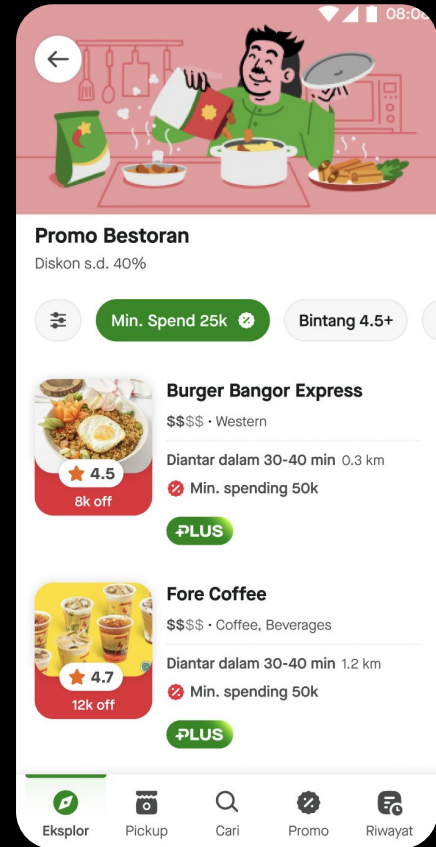

LOGO USAGE : In App

USAGE 3

PLUS logo as a UI element to indicate the offers & benefits of PLUS.

Note : This is solely used as a UI element and for UI purposes only. The darker green here has to be a colour token from the Aloha Library to ensure accessibility

LOGO USAGE : OOH

USAGE 1

Gojek PLUS logo lockup – Vertical 3D version of the Gojek PLUS lockup when it comes to any OOH creatives and communication as individual logo element. Can be kept on one of the corners and not part of the content.

Vertical 3D version

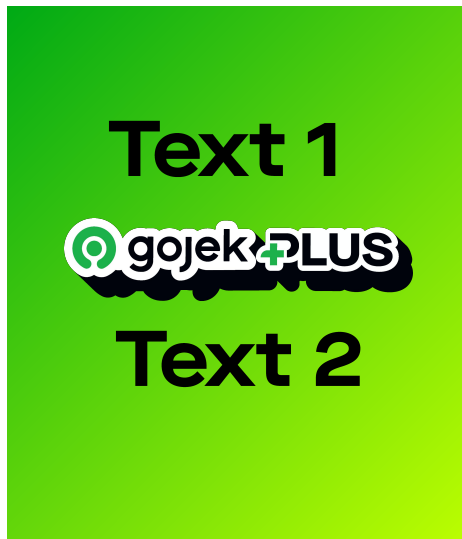

LOGO USAGE : OOH

USAGE 2

Gojek PLUS logo lockup - one must use the horizontal 3D version of the Gojek PLUS lockup when it comes to using along with content in any OOH creatives and

Horizontal 3D version

LOGO USAGE : In other Apps/ Collaborations

USAGE 2

For visibility outside the Gojek app ecosystem, always use the SOLV and 'PLUS' logo. It can be used as is in the light mode and with a white pill on the dark mode to retain the brand colours.

Color

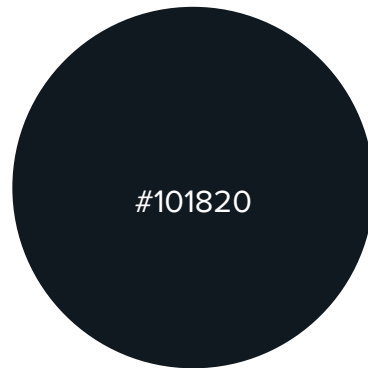

LOGO COLOUR : Gojek PLUS

The Gojek PLUS and PLUS logos retain the primary brand green #00AA13 complimented with a black #101820 from the Gojek Brandbook.

The unique identity for PLUS however, comes with the addition of a Neon gradient which is elaborated on further.

PANTONE 2423C/CP

PANTONE BLACK 6C/CP

BRAND COLOUR : Gojek PLUS

Introducing the Gojek PLUS gradient, a blend of the primary green and a secondary green specially chosen to highlight the PLUS aspect of the brand, giving it a unique identity.

These two values of green bring out the best of PLUS and can be used in digital as well as print media.

Visual Style

GRADIENT : Gojek PLUS

The gradient gives you the flexibility to adjust the proportion of the two greens as per the requirement of your creative. You can play around with the angle of the gradient to achieve the result you need for the use case.

The Gojek green is a darker saturated hue that works with white and black text, while the PLUS green is a lighter neon hue that works well with black text.

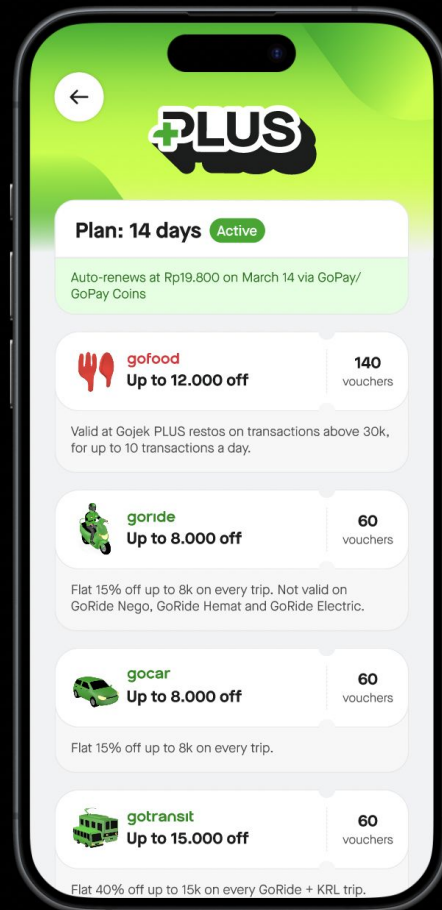

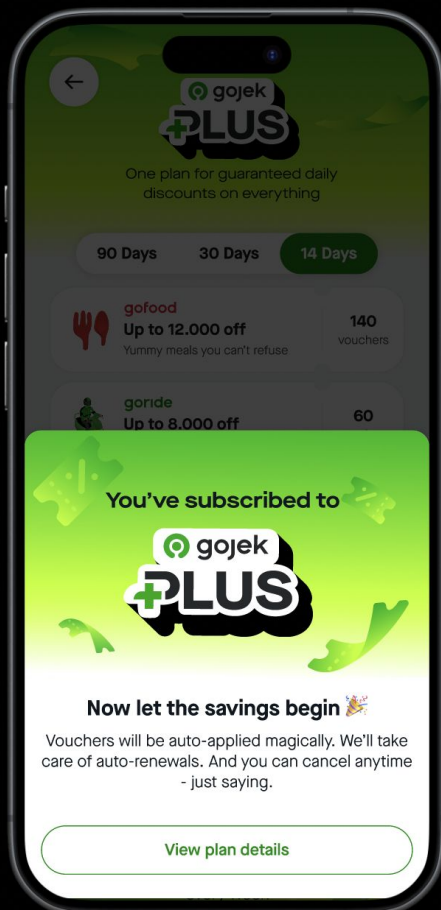

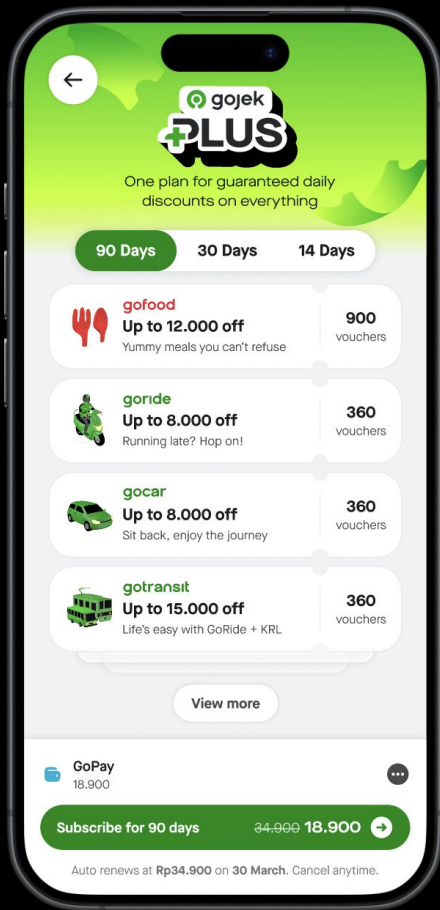

GRADIENT PATTERN LIBRARY : Gojek PLUS

An extensive gradient pattern library is available for use in the creatives you'll be making. Just ensure-

1. The gradient is always between the two greens #00aa13 and #beff00
2. The shapes used are rounded, and blend smoothly with the gradient in the background
3. There are no stark gradients or sharp cuts in the creative

OOH Co-Branding

When product specific OOH communication are done for core users of these brands we need to follow these guidelines.

- **Logo** – Both Horizontal or Vertical 'Gojek PLUS' logo can be used and specific marketing product logo along with Solv can also be used.
- **Colour** – Use the product brand colour in the background (GoFood GoMart – Gojek Brand Red. GoRide/GoCar – Gojek Brand Green) to make sure enough recall is given for product.

Gojek PLUS : Branding Assets
